## 2.2 System for Award Management (SAM) Registration

Offerors are encouraged to register with SAM prior to submitting a proposal in order to account for a potentially significant wait time in granting an active registration. To be eligible for SBIR awards, firms must be registered under the applicable North American Industry Classification System (NAICS) codes. For SBIR Phase I and II awards these codes are 541713 or 541715. Offerors without an active SAM registration by time of selection will be ineligible for award. Offerors who started the registration process but did not complete the registration by time of selection will be ineligible for award.

Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation. Typically, SAM registration and updates to SAM registration have required a processing period of several weeks. Offerors and contractors may obtain information on SAM registration and annual confirmation requirements at <https://www.sam.gov/SAM/pages/public/index.jsf> or by calling 866-606-8220.

SAM, maintained by the Department of Defense, is the primary repository for contractor information required to conduct business with NASA. To be registered in SAM, all mandatory information, including the Unique Entity Identifier (UEI) and a Commercial and Government Entity (CAGE) code, must be validated in SAM. Note: It is recommended to list Purpose of Registration as "All Awards" on your SAM Registration.

All other requirements remain unchanged.
